Objective

Motivated and detail-oriented Computer Science student with highly interested in web development, data structures, and algorithmic problem-solving. Aspiring to apply technical skills, innovative thinking, and a collaborative mindset to contribute effectively to impactful projects and organizational success.

Project Experience

- **E-commerce Website for Spare Parts Shop:** Developed a dynamic e-commerce website for a spare parts shop using HTML, CSS, JavaScript, and Swiper.js. Integrated features such as product search, typewriter effect, slider functionality, and a swiping carousel for an enhanced user experience.
GitHub: https://github.com/SaumilGupta31/Ecommerce_Frontend
- **Business Insights:** Collaborated on a group project with two other members to create a website that collects user feedback on universities. Designed a system to generate structured data and enabled university owners to download detailed feedback reports in Excel format using HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
GitHub: [Link]
- **Portfolio Video Editing Website:** Designed a personal portfolio website for showcasing video editing projects for Freelancing. Built using HTML, CSS, and React, featuring pagination, testimonial sliders, and a clean, responsive design.
Deployed link: <https://saumil-portfolio.netlify.app>

Highlights

- **Freelance Video Editing:** Successfully delivered video editing services to multiple clients, enhancing not only technical expertise but also sales and client management skills.
- **Executive Committee Member:** College Design Club: Served as a designer in the college club, contributing creatively to various events and activities, while honing collaborative and leadership abilities.
- **YouTube Channel Creator:** Managed a YouTube channel, improving skills in storytelling, video editing, designing, and in-depth research through content creation and audience engagement.
